## Capture The Flag (CTF) 2019 entrant – 1<sup>st</sup> place

Together with my group RexHat, I participated in Suriname's first Capture the Flag (CTF) event — and we won. The event is a cybersecurity challenge where IT professionals and students learn to think like a hacker, gaining insight into digital vulnerabilities and defense.

## Hackathon fintech 2018 entrant – 2<sup>nd</sup> place

Together with my group ZerOne, I participated in the sixth Telesur-IT Core Hackathon event in Suriname and we finished in 2<sup>nd</sup> place. The event was a 24-hour challenge where we had to build a functional app for the financial sector (FinTech).

## Hack-O-Topia 2021 entrant – 3<sup>rd</sup> place

Together with my group ZerOne, I participated in the first PTC Hack-O-Topia event in Suriname, where we finished in 3<sup>rd</sup> place. We developed an app called *YepiDeh!* aimed at supporting individuals with mental health challenges. The app provides online expert guidance for people dealing with depression and anxiety, with the goal of preventing severe outcomes such as suicide.
