- **Capture The Flag (CTF) 2019 entrant –** 1st place
  Together with my group RexHat, I participated in the first Capture the Flag (CTF) event of Suriname and we won. The event is an exercise in which IT professionals and students learn more about cybersecurity, but from the perspective of a burglar, a hacker.

- **Hackathon fintech 2018 entrant –** 2nd place
  Together with my group ZerOne, I participated in the sixth Telesur-It Core Hackathon event in Suriname and we ended up in 2nd place. The event is about an exercise in which computer programmers build a working app for the financial sector (Fintech) within 24 hours.

- **Hack-O-Topia 2021 entrant –** 3rd place
- Together with my group ZerOne I participated in the first PTC Hack-O-Topia event in Suriname and we ended up in 3rd place. We have developed an app called YepiDeh! for people with mental problems. The purpose of this app is to provide online expert guidance to people with depression and anxiety in order to prevent fatal consequences such as suicide.
